* The Decennial Census AIAN population data is adjusted for undercounts on reservation/trust lands and for remote Alaska. It is also adjusted for population change through FY 2019 based on the most recent Census county-level population projections. The count shown is the same has been used since FY 2022, because any further update is dependent on the introduction of the 2020 Decennial Census.

Note: The Housing Shortage Needs variable is not shown because it is based on the sum of low-income households less the total number of Current Assisted Stock (CAS), and CAS is not provided on this document for review. However, it has been provided on your Tribe's FY 2024 Formula Response Form.

All of the data above reflects the total Needs for your Formula Area prior to the application of the population cap. Therefore, these figures may be much higher than the amounts shown on your Tribe's Formula Response Form. If you share Formula Area with other Tribes, the data shown are your share of the Needs data in your combined overlapping Formula Areas.

The IHBG regulation at 24 CFR §1000.336(d) requires that Tribes/Tribally Designated Housing Entities (TDHE) submit documentation supporting Census challenges by March 30th to

be considered for the upcoming fiscal year allocation. The deadline to submit Census challenges to the data used in computing the FY 2025 IHBG formula allocation is March 30, 2024. However, the data was not available to distribute to Tribes/TDHEs until August 30, 2023, 90-days after the June 1, 2023, deadline for distributing this data to Tribes/TDHEs. Therefore, a waiver of this deadline and an extension of the deadline to June 28, 2024, has been approved to provide Tribes/TDHEs with a similar amount of time as they had in prior fiscal years to review their Needs data.

If you think these data do not reflect the Tribe's need:

1. Check to see if the Formula Area, as listed on your FY 2024 Formula Response Form, is correct for your Tribe. If the Formula Area is not correct, you may submit that correction no later than August 1, 2024, the deadline for the FY 2025 allocation.
2. Check to see if the Formula Area for your Tribe overlaps that of another Tribe. If it does, you may wish to contact the IHBG Formula Customer Service Center to obtain detailed information on how the Needs data are being shared.
3. If you still disagree, you may wish to submit a Census challenge no later than June 28, 2024, for the FY 2025 IHBG allocation. If you share Formula Area with other Tribes, the data shown are your share of the Needs data in your combined overlapping Formula Areas.

The IHBG regulation at 24 CFR §1000.336(d) requires that Tribes/Tribally Designated Housing Entities (TDHE) submit documentation supporting Census challenges by March 30th to

be considered for the upcoming fiscal year allocation. The deadline to submit Census challenges to the data used in computing the FY 2025 IHBG formula allocation is March 30, 2024. However, the data was not available to distribute to Tribes/TDHEs until August 30, 2023, 90-days after the June 1, 2023, deadline for distributing this data to Tribes/TDHEs. Therefore, a waiver of this deadline and an extension of the deadline to June 28, 2024, has been approved to provide Tribes/TDHEs with a similar amount of time as they had in prior fiscal years to review their Needs data.

If you think these data do not reflect the Tribe's need:

46. Check to see if the Formula Area, as listed on your FY 2024 Formula Response Form, is correct for your Tribe. If the Formula Area is not correct, you may submit that correction no later than August 1, 2024, the deadline for the FY 2025 allocation.
47. Check to see if the Formula Area for your Tribe overlaps that of another Tribe. If it does, you may wish to contact the IHBG Formula Customer Service Center to obtain detailed information on how the Needs data are being shared.
48. If you still disagree, you may wish to submit a Census challenge no later than June 28, 2024, for the FY 2025 IHBG allocation. If so, please review the guidelines in "Challenging U.S. Census Data: Guidelines for the Indian Housing Block Grant Formula." https://portal.hud.gov/hudportal/HUD?src=/program_offices/public_indian_housing/ih/codetalk/onap/ihbgformula.

It is also adjusted for population change through FY 2019 based on the most recent Census county-level population projections. The count shown is the same has been used since FY 2022, because any further update is dependent on the introduction of the 2020 Decennial Census.

Note: The Housing Shortage Needs variable is not shown because it is based on the sum of low-income households less the total number of Current Assisted Stock (CAS), and CAS is not provided on this document for review. However, it has been provided on your Tribe's FY 2024 Formula Response Form.

All of the data above reflects the total Needs for your Formula Area prior to the application of the population cap. Therefore, these figures may be much higher than the amounts shown on your Tribe's Formula Response Form. If you share Formula Area with other Tribes, the data shown are your share of the Needs data in your combined overlapping Formula Areas.

The IHBG regulation at 24 CFR §1000.336(d) requires that Tribes/Tribally Designated Housing Entities (TDHE) submit documentation supporting Census challenges by March 30th to

be considered for the upcoming fiscal year allocation. The deadline to submit Census challenges to the data used in computing the FY 2025 IHBG formula allocation is March 30, 2024. However, the data was not available to distribute to Tribes/TDHEs until August 30, 2023, 90-days after the June 1, 2023, deadline for distributing this data to Tribes/TDHEs. Therefore, a waiver of this deadline and an extension of the deadline to June 28, 2024, has been approved to provide Tribes/TDHEs with a similar amount of time as they had in prior fiscal years to review their Needs data.

If you think these data do not reflect the Tribe's need:

70. Check to see if the Formula Area, as listed on your FY 2024 Formula Response Form, is correct for your Tribe. If the Formula Area is not correct, you may submit that correction no later than August 1, 2024, the deadline for the FY 2025 allocation.
71. Check to see if the Formula Area for your Tribe overlaps that of another Tribe. If it does, you may wish to contact the IHBG Formula Customer Service Center to obtain detailed information on how the Needs data are being shared.
72. If you still disagree, you may wish to submit a Census challenge no later than June 28, 2024, for the FY 2025 IHBG allocation. It is also adjusted for population change through FY 2019 based on the most recent Census county-level population projections. The count shown is the same has been used since FY 2022, because any further update is dependent on the introduction of the 2020 Decennial Census.

Note: The Housing Shortage Needs variable is not shown because it is based on the sum of low-income households less the total number of Current Assisted Stock (CAS), and CAS is not provided on this document for review. However, it has been provided on your Tribe's FY 2024 Formula Response Form.

All of the data above reflects the total Needs for your Formula Area prior to the application of the population cap. Therefore, these figures may be much higher than the amounts shown on your Tribe's Formula Response Form. The IHBG regulation at 24 CFR §1000.336(d) requires that Tribes/Tribally Designated Housing Entities (TDHE) submit documentation supporting Census challenges by March 30th to

However, the data was not available to distribute to Tribes/TDHEs until August 30, 2023, 90-days after the June 1, 2023, deadline for distributing this data to Tribes/TDHEs. Therefore, a waiver of this deadline and an extension of the deadline to June 28, 2024, has been approved to provide Tribes/TDHEs with a similar amount of time as they had in prior fiscal years to review their Needs data.

If you think these data do not reflect the Tribe's need:

94. Check to see if the Formula Area, as listed on your FY 2024 Formula Response Form, is correct for your Tribe. If the Formula Area is not correct, you may submit that correction no later than August 1, 2024, the deadline for the FY 2025 allocation.
95. Check to see if the Formula Area for your Tribe overlaps that of another Tribe. If it does, you may wish to contact the IHBG Formula Customer Service Center to obtain detailed information on how the Needs data are being shared.
96. If you still disagree, you may wish to submit a Census challenge no later than June 28, 2024, for the FY 2025 IHBG allocation. If you share Formula Area with other Tribes, the data shown are your share of the Needs data in your combined overlapping Formula Areas.

The IHBG regulation at 24 CFR §1000.336(d) requires that Tribes/Tribally Designated Housing Entities (TDHE) submit documentation supporting Census challenges by March 30th to

be considered for the upcoming fiscal year allocation. The deadline to submit Census challenges to the data used in computing the FY 2025 IHBG formula allocation is March 30, 2024. However, the data was not available to distribute to Tribes/TDHEs until August 30, 2023, 90-days after the June 1, 2023, deadline for distributing this data to Tribes/TDHEs. Therefore, a waiver of this deadline and an extension of the deadline to June 28, 2024, has been approved to provide Tribes/TDHEs with a similar amount of time as they had in prior fiscal years to review their Needs data.

If you think these data do not reflect the Tribe's need:

139. Check to see if the Formula Area, as listed on your FY 2024 Formula Response Form, is correct for your Tribe. If the Formula Area is not correct, you may submit that correction no later than August 1, 2024, the deadline for the FY 2025 allocation.
140. Check to see if the Formula Area for your Tribe overlaps that of another Tribe. If it does, you may wish to contact the IHBG Formula Customer Service Center to obtain detailed information on how the Needs data are being shared.
141. If you still disagree, you may wish to submit a Census challenge no later than June 28, 2024, for the FY 2025 IHBG allocation. If so, please review the guidelines in "Challenging U.S. Census Data: Guidelines for the Indian Housing Block Grant Formula." https://portal.hud.gov/hudportal/HUD?src=/program_offices/public_indian_housing/ih/codetalk/onap/ihbgformula.
