Formula Response Form.

All of the data above reflects the total Needs for your Formula Area prior to the application of the population cap. Therefore, these figures may be much higher than the amounts shown on your Tribe's Formula Response Form. If you share Formula Area with other Tribes, the data shown are your share of the Needs data in your combined overlapping Formula Areas.

The IHBG regulations at 24 CFR §1000.336(d) requires that Tribes/Tribally Designated Housing Entities (TDHE) submit documentation supporting Census challenges by March 30th to be considered for the upcoming fiscal year (FY) allocation. The deadline to submit Census challenges to the data used in computing the FY 2026 IHBG formula allocation is March 30, 2025. Since this data was not available to Tribes/TDHEs until August 1, 2024, a waiver and an extension of the deadline to May 29, 2025, is provided to give Tribes/TDHEs a similar amount of time as they had in prior FYs to review their Needs data.

If you think these data do not reflect the Tribe's need:

151. Check to see if the Formula Area, as listed on your FY 2026 Formula Response Form, is correct for your Tribe. If the Formula Area is not correct, you may submit that correction by August 1, 2025, the deadline for the FY 2026 allocation.
