Need Variable	Adjusted 2020 Decennial Census and 2018 to 2022 American Community Survey		Tribe Submitted Census Challenge (if applicable)

<p>* The Decennial Census AIAN population data is adjusted for undercounts on reservation/trust lands and for remote Alaska. It is also adjusted for population change through July 2023 based on the most recent Census county-level population projections.</p> <p>Note: The Housing Shortage Needs variable is not shown because it is based on the sum of low-income households less the total number of Current Assisted Stock (CAS), and CAS is not provided on this document for review. However, it will be provided on your Tribe's FY 2027 Formula Response Form.</p>				

All of the data above reflects the total Needs for your Formula Area prior to the application of the population cap. Therefore, these figures may be much higher than the amounts shown on your Tribe's Formula Response Form. If you share Formula Area with other Tribes, the data shown are your share of the Needs data in your combined overlapping Formula Areas.

The IHBG regulations at 24 CFR §1000.336(d) requires that Tribes/Tribally Designated Housing Entities (TDHE) submit documentation supporting Census challenges by March 30th to be considered for the upcoming fiscal year (FY) allocation. The deadline to submit Census

challenges to the data used in computing the FY 2027 IHBG formula allocation is March 30, 2026. Since this data was not available to Tribes/TDHEs until August 1, 2025, a waiver and an extension of the deadline to May 29, 2026, is provided to give Tribes/TDHEs a similar amount of time as they had in prior FYs to review their Needs data.

If you think these data do not reflect the Tribe's need:

151. Check to see if the Formula Area listed on your FY 2026 Formula Response Form is accurate. If corrections are needed, they must be submitted by August 1, 2025, for the FY 2026 allocation, or by August 1, 2026, for the FY 2027 allocation.
152. Check to see if the Formula Area for your Tribe overlaps that of another Tribe. If it does, you may wish to contact the IHBG Formula Customer Service Center to obtain detailed information on how the Needs data are being shared.
153. If you still disagree, you may wish to submit a Census challenge no later than May 29, 2026, for the FY 2027 IHBG allocation. If so, please review the guidelines in "Challenging U.S. Census Data: Guidelines for the Indian Housing Block Grant Formula" at: <https://www.hud.gov/helping-americans/public-indian-housing-ihbgformula>.
